

PROBLEM STATEMENT:

Refactor lab 3 code to use arrays and functions.

CODE:

Must use provided CS121_lab4.cpp

No changes are permitted to the provided code -only additions to the functions.

You need not prompt for user name (as you did in lab3)

You have been given function stubs. All that need be done is use your code logic from lab 3 and place the code in the appropriate functions.

DELIVERABLES:

A hard copy of your source code 2:40pm Tuesday 10 October 2023 in lab
